Class "A" Certified foundry by RDSO

Our prime motto is to provide excellent quality products to the clients. We ensure that from the stage of procurement till the final dispatch, our entire range undergoes a strict vigil for the following parameters : Corrosion resistance Tensile strength Hardness Durability Performance Our adherence to these parameters enables us to detect the minutest error in our machines and find the solution for the same. The products imported by us are thoroughly inspected by the manufacturers at their end too. Apart from this, as per our company policies, our product line is inspected by third party as well. This has enhanced our credibility in the market, and gained us the trust of our clientele.

Reliability - Guaranteed
